

## **Business Watch**

The purpose of Algoma Business Watch is to allow better communication between the Kent County Sheriff's Department and local business owners. The watch works by alerting businesses via email or fax when something of concern (i.e burglary, robbery, counterfeit money/check, vandalism) occurs in Algoma Township. If you are interested in having your business registered please contact Deputy Tonya Walkons at the email address at the top of this page with your business name, address, phone number and email address.
